Overview of e-i-r-e.org

Welcome to E.I.R.E, the Enrolment of Ireland's Real Estate.
https://e-i-r-e.org offers a public platform for individuals to proclaim their private property. This platform is available to every sovereign claimant in Éire that has been ordinarily resident here for at least 10 years.

Users pay membership to obtain a tab on https://e-i-r-e.org/ ("the Website"). An individual tab is a complete url (e.g. https://e-i-r-e.org /your-tab/) which points to a users public profile. This public profile contains publicly available information provided by the member and verified by the administrators of the Website.

The individual tab holders can benefit from the collective knowledge of the other members on site that have similar documents that serve to protect private property whether it be to "carefully capture your corporation" "secure your sovereign self" or remove "the tentacles of trespass on your trust". Remember **the tab belongs to the tab holder**, and only the documents the tab holder wishes to display will be visible. Physical copies of all publicly available Documents are also provided by Normal Post. Physical Documents are Signed and Stamped with the Official Seal of Éire.

Property Administration Fee (€Donation)

E.I.R.E also offers a platform for individual tab holders to declare equitable, beneficial and allodial interests in land and dwellings. HM Land Registry only registers the legal title holder. Equitable interests relate to private arrangements between the parties involved. If the land or dwelling is held in trust the formal title to the land (the 'legal estate') is separated from the underlying ownership (the 'equitable interest' or 'beneficial interest'). A Plan Notice of an individual tab holder on the Website confirms the legal description, the legal interest, the equitable interest, the beneficial interest and the allodial interest for the land or dwelling. To avail of a Plan Notice the individual tab

holder may contact support@eire.ie to request to advance matters accordingly. Under our new structure we have replaced the Administration Fee of €500 with a donation on behalf of an Éire Community of choice. This process can take up to two weeks to complete once your request has been confirmed. . The documents are then uploaded the P.R.A section for the individuals tab and are publicly available along with the rest of that individual's profile.

The property documents are also publicly available in another section of the website which categorises properties according to their location within the Province/County structure of the territory of Éire.

Unlimited Additional Documents relating to the same Property can be uploaded free of charge and are subject to the same verification process by the Website Administration.
